The issues reported to be in the package were analyzed and determined above by a representative from the submitting agency. At the time of analysis, the assigned analyst/manager will review the package and verify the inventory. In the event of a discrepancy between the actual inventory and that reported on this form, *no decision* shall be conducted in accordance with the Massachusetts State Policy Office Laboratory (MSPCL) Evidence Handling and Submission Manual. The undersigned/submitter submits this evidence on behalf of the investigating agency, who acknowledges that the MSPCL is responsible for conducting all tests according to standard procedure, and who authorizes the MSPCL to make all decisions regarding scientifically necessary deviations from said procedures. That may include sending an item(s) to another laboratory, for analysis. All procedural decisions shall be documented in the laboratory notes according to laboratory procedure but notice of each decision must not be given to the agency.
